Re: Your Wonderful Services

Dear Dave and Melissa-

I just wanted to send you my thoughts regarding your invaluable assistance in the Lima matter. As you know, this was a very complex case with many different issues that took us six long years to complete. We were able to resolve it and make a significant recovery for the client. There were several very material questions as to what direction we needed to take in terms of the case focus. Your guidance in analyzing those issues and tweaking them before a jury focus group was instrumental in helping us gather the evidence necessary to put the right pressure on the Defendants to get the case resolved. As the matter progressed towards trial, your assistance in preparing for voir dire was also invaluable. Your team was always responsive to our questions and needs, and made suggestions that were very helpful.

Thank you for all of your help and I would highly recommend your services to other trial attorneys!

All the best,
